D. Hackim Dies Suddenly On Motor Trip

Friends and business associates in Albany and throughout the Bay Area were shocked to learn this week of the sudden death of Alexander D. Hackim on a week-end trip to Yosemite Valley.

Mr. Hackim, who has operated East Bay Chevrolet Co. automobile dealership in Albany for the past 21 years, came to the area from the Middle West where he was an executive with Chevrolet Division of General Motors, to assume a similar position with the Division's offices in East Oakland more than 30 years ago. He was well known in automobile and truck circles of the region.

After establishing the Albany dealership 21 years ago Mr. Hackim has been active in civic affairs in Albany; is past president of the Albany Rotary Club, was Rotary District Governor in 1949-50, retaining his active interest in the organization's activities up to the time of his death. Recently Mr. Hackim attended the three-day convention of the Rotary District in Richmond and on May 8, 9 and 10 acted as instructor at a meeting of officers-elect at West Sacramento.

His friendliness, sincerity and readiness to assume new duties from time to time, brought a continually growing host of friends who are sure to miss him at every turn.

Mr. Hackim leaves his loving wife, Josephine; two daughters, Florence Ann Connors of Sacramento and Mrs. Priscilla W. W. together with the following grandchildren: John P. Connors, III; Phyllis A., age 10, and Julian J. La.

A Rosary was held Monday night which was attended by Mayor Jerome Blank, and (Continued on Page 2)

SPEAKER OF THE DAY at next Tuesday's Albany Rotary luncheon at Spenger's will be John Lauritzen, labor relations attorney of San Francisco, a graduate of Stanford University, and General Legal Counsel for the California Metal Trades Association. He will speak on "Labor Trends and Labor Legislation." Ernest F. Marquardt, Vice-President and Treasurer of the Pacific Steel Casting Co., will be chairman of the day, while President Herb Foley will preside.

ALBANY BETHEL NO. 265, International Order of Job's Daughters, will have an election of officers at its next regular meeting on Thursday evening, May 21, 7:30 p.m. at the Albany Masonic Temple, 533 San Pablo Ave. Barbara Enoksen, Honored Queen, presiding. Refreshment committee for the month of May are: Charlene McKeown, Diantha Tidwell, Ann Klein and Joann Maxwell.

FIDELIS WHITE SHRINE 60 will hold a stated meeting Monday, May 25, at 8 p.m. in the Masonic Temple, 533 San Pablo Ave. Worthy High Priestess Betty Teasdale will make her report on the recent Supreme White Shrine session held in Minneapolis.

General Chairman, Frances Roy, assisted by Henrietta Herwig. Ernestine Norman is in charge of flowers and decorating.

MR. AND MRS. FRANK J. CARROLL of Albany are announcing the marriage of their daughter, Diane, to Ronald D. Winter, son of Mr. and Mrs. Walter Winter of Livermore. The newlyweds are continuing their studies at San Jose State College prior to graduation next January.

Consideration for the family comes first.

Veteran Groups To Sell Poppies Friday, Saturday

Members of the Albany American Legion Auxiliary No. 292 have again announced that they will be out in full force to take part in the organization's annual poppy day sale, Friday and Saturday of this week. They expect to sell upwards of five thousand of the red crepe paper poppies on Albany streets during the two-day affair.

The flowers were made by disabled veterans in Veterans Administration hospitals. Proceeds of the sales will be used to aid veterans and needy children of veterans.

Poppy workers will be served lunch at the home of Mrs. Margaret Hanahan, 844 Ramona Avenue, from 11 a.m. to 2 p.m. Hostesses serving will be Mrs. Ramona Turnbull, Mrs. Rilla Moore, Mrs. Gladys Darch, Mrs. Bessie Scott. Volunteer workers who have signed up include Mrs. Alta Klein, Mrs. Minnie Adams, Mrs. Grace Jones, Mrs. Marcella Ellis, Mrs. Pauline Sampietro, Mrs. Maude Talmadge, Mrs. Edith Jones, Mrs. Ella Clem, Mrs. Ruth Holland and Mrs. Juanita Cooke.

Also taking part in national Poppy Days here is local Veterans of Foreign Wars No. 2658 and its Auxiliary, at the head of the two organizations being Commander LaVern Anderson and Nora Healey respectively. Mrs. Healey says, "Our workers will be selling more than just the small artificial flowers. They will be selling an ideal of service to the needy veterans and their dependents."

"The 'Flower of Remembrance' is also a symbol," she said, "to the memory of our honored dead, and once again a grateful nation will pay homage by participating in the Poppy Program."

IRENE GROVE, ALBANY CHAMBER OF COMMERCE MANAGER leaves for Hutchinson, Kansas, May 23rd. Her eldest son, Jack Grove will graduate from Hutchinson High School, May 28th. Returning with Mrs. Grove, before June 8th will be her son, Jack, 17, and her son, Dick, 13. They are now living in Hutchinson, Kansas.

Veteran Filing Deadline Near

Veterans are reminded by Myrtle J. McLean City Assessor that Monday, May 25, is the deadline for filing applications for veterans' exemptions.

Initial filings must be made in person and the veteran must have his honorable discharge.

Those who fail to file will have waived their right to exemption for the 1959-60 fiscal year.

LEFT TO RIGHT ABOVE ARE: Mrs. Marion Waters, Poppy Chairman, Albany Legion Auxiliary No. 292; Rilla Townsend, member of the Junior Auxiliary, and Mayor Jerome Blank of the City of Albany. Friday and Saturday, May 22-23 have been declared National "Poppy Days" and local veterans and members of the auxiliary will be out in full force selling the symbolic poppies.

Don't forget **CLEAN UP — FIX UP WEEK** IS MAY 25-29. Join your neighbors, friends, business associates in this plus campaign that pays off for you and Albany. The effort you put forth in cleaning, renovating and beautifying your home and business is more than repaid by dividends of health, safety, fire prevention, improvement of property and upgrading your property. Householders and businessmen in your clean up — fix up program... for your necessary supplies and services, remember they are available from your Albany merchants... read the advertisements in this special Clean Up — Fix Up edition... keep Albany money in Albany.

Remember Albany merchants, a Clean Up — Fix Up program means a more attractive city and more business for you!

Some redecoration programs are in process or have been completed in our city. Check the Ivy Room at 860 San Pablo... they

have a newly redecorated interior... congratulations Emil and Louise. Notice the Tom Gabriele's beautiful addition to Lexicon Store at 619 San Pablo which is nearing completion. Congratulations should also go to Bill Garren for the redecorated exterior and interior of Albany Theatre, 1115 Solano Avenue. There are many more... let us hear from you.

A reception to honor Mrs. Norma Carr on her retirement after over thirty years of service as Public Health Nurse in Albany, will be held Monday, May 25 at the Marin School Cafeteria at 8 p.m. This is an informal community reception, planned and sponsored by the five Albany PTA units but everyone is invited and urged to attend. This is a wonderful opportunity to pay tribute to one of the outstanding women of Albany, whose unselfish service has helped and made the lives richer of so many during the years. Mrs. Carr came to Albany in 1929 and until 1943 was the only Public Health Nurse in the city... Remember everyone is invited.

Welcome to a new restaurant in Albany... to Irving's Lot-O-Beef at 823 San Pablo Avenue, to be open for business, Thursday, May 21. Service will be "hoi-brau" type and owner Irving Soon promises good food... fast service... and in attractive (Continued on Page 2)

Albany Clean-up Week to Start Monday, May 25

"Clean up is not just a slogan, it is a vital way to prevent fire from threatening your home and loved ones," says Chief Gerald Browne of the Albany Fire Department in discussing the Albany Clean-up Week, which starts next Monday, May 25.

Clean out your attics and basements and garages of refuse and old furniture, clothing, papers, paint cans, etc. and have the stuff ready for the city trucks to pick it up at the curb. All for free!

The schedule of pick-ups will be the same as the schedule for street sweeping, published in the Albany Times of May 8. It is being reproduced here in case you do not have the sweeper schedule handy.

The business district on San Pablo Avenue and Solano Avenue daily between the hours of 4 and 5 a.m. Residential streets between the hours of 5 a.m. and 12 noon, in accordance with the following schedule:

MONDAY: The section bounded by Cleveland Street to San Pablo Avenue and from Buchanan Street to the North City Limits.

TUESDAY: The section bounded by San Pablo Avenue to and including Evelyn, and from the South City Limits to the North City Limits.

WEDNESDAY: The section bounded by Masonic and Ramona (Continued on Page 2)

CITY TO ASK PUC AID ON BUCHANAN CROSSING

With a full council present for the first time in three weeks a long list of routine matters was cleared at Monday night's meeting.

Most important was the passage of two resolutions covering the proposed joint action with the Southern Pacific for modernization of grade crossing signals on Buchanan.

Resolution No. 59-46 authorized the mayor to execute an agreement with the Southern Pacific Company providing division of the cost of the work on a 50-50 basis. This was passed subject to approval by the State of the city's use of gas tax funds to cover Albany's share of the cost. The vote was 4-0, Mrs. Zahn abstaining.

A companion Resolution, No. 59-47, authorizing the City Engineer to submit a request to the PUC of the State for allocation of gas tax funds toward cost of the project. The vote on this resolution was 5-0.

Councilman Howell spoke for both Resolutions, stating that the situation at this grade crossing is extremely dangerous, and that anything that can be done to speed up the project might be the means of saving one or more lives.

Resolution No. 59-48, covering an agreement with the City of Oakland for its radar expert to make any repairs on Albany's radar car equipment at cost, was passed 4-0, Mrs. Zahn not voting. She said she could not see any reason why repairs to the city's radar equipped car should be necessary in view of its having been in service for so short a period.

Ordinance No. 59-08, providing that all school sites be placed in Fire Zone No. 2, was passed on second reading and to print, 5-0.

Ordinance No. 59-09, calling for the rezoning of property at 607-608 Stannage Avenue, with plans calling for a four-plex, from First to Second Residential, was passed 4-1. Mrs. Zahn voting "No." This was on first reading. There had been no protests at a previous public hearing.

Ordinance No. 59-10, Change in setback on property at 1245 Brighton Avenue to permit extension of a garage by 3 feet to house a modern car, was passed on first reading, 5-0.

Resolution No. 59-45 — Commending Dick Mabie for services rendered the city in the Parks and Recreation field, as a volunteer without pay, was passed 4-0. Mrs. Zahn abstaining. Mabie is a student at U. C. and performed the services in line with the course he is taking at U. C.

Notified that the city's contract for gasoline will expire on June 30, the City Clerk was instructed to advertise for bids for the year 1959-60, with the bids to (Continued on Page 2)

Soroptimist Club Members to Hear Of Bad Checks

Program Chairman Kathryne Etingoff promises an interesting program for the members of the Soroptimist Club of Albany at the luncheon meeting May 27 at 12:15 p.m.

Inspector Walter Garret of the Berkeley Police Department will be guest speaker and has chosen as his subject "Bad Checks" or "The Art of Paper Hanging." Inspector Garret is well versed in his subject having been a member of the department for 22½ years, the past six years of which have been on the Check Detail.

President Gertrude Filicetti urges all members to bring as guests, fellow business people who might be interested. Some of the speaker's "cases" have been laid in Albany.

American Field Service to Hold Dancing Party

The American Field Service is sponsoring the Dick Stewart Dance Party Saturday, May 23, from 8:30 to 12 p.m.

Dick Stewart, of the KPIX Dance Party, is presenting a dance for bay area people of all ages. It will be held in the Albany High School Auditorium, 603 Key Route Boulevard, Albany.

The purpose of this dance is to raise money for scholarships for the American Field Service.

The A.F.S. is an organization in which one or two students from each high school is given the chance to go to another country to live and learn the customs of that country. In return, foreign countries send students to America to see how we live. The purpose of such a program is to promote better understanding between countries.

Children - Parents - Grandparents — come out and support this program.

Tickets are \$1.00 for dancers; 50 cents for watchers. They are obtainable at the door.

opened at the council meeting three weeks hence.

When all the items on the agenda had been cleared the Mayor invited questions or comments "For the good of the City." Several citizens in the audience asked questions which were answered by the Mayor. Mrs. Zahn then spoke up and stated that she would like to have some of the council's actions during her absence on vacation explained.

Mayor Blank told her she could have the floor, and she took up item by item a number of the council's actions. There were several lulls during which the Mayor recognized speakers from the audience, who spoke briefly. He then turned the floor back to Mrs. Zahn, who appeared to be studying minutes of the two previous meetings while she was away. Apparently irked at the delay, Councilman Keck moved to adjourn, seconded by Council-

City Street Litter Wastes Your Tax Dollars Needlessly

"Did it ever occur to you that as a citizen of Albany, you throw one cash dollar into the streets, gutters and creeks of Albany each year? Surprises you, doesn't it, when I put it this way? However, let me show you how this comes about," says John D. Dayton, Albany City Engineer.

"Debris that is tossed away heedlessly means that street employees and equipment must be utilized for these clean-up jobs. In addition, this trash often collects in gutters, catch basins, creeks and storm sewers clogging and flooding them during heavy rain storms. The damage resulting from this overflow often means further expenses for the City Government and can cost the property owner too.

Your Bureau of Public Works budgeted approximately \$17,000.00 last year to dispose of this debris — this is almost one dollar for each resident of the City of Albany.

"It's just good sense to prevent this needless expenditure. When you feel the urge to join the ranks of the 'litterbug' — resist it." Remember, when either you or your neighbor sweeps trash, lawn trimmings, or leaves into the street, there is not only a violation of Ordinance No. 531, but your money is being swept right with it.

"Let's all join in 'clean-up week' May 25-29 on a large scale; then, resolve to use conveniently placed trash cans thruout the City making every day a 'clean-up day' on a smaller scale."

Albany Little League Baseball Scores

On Tuesday evening, May 12, the National League got back into action as the Cards defeated the Braves 6 to 1. The Cards made the most out of three hits for their 6 runs off of the combined pitching of Mann and Cortese. The Braves out-hit the

Cards, getting 6 hits but Bob Brownell was tight in the clutch to pick up the win for the Cards.

The defending champions of the American League, the Tigers came out on Wednesday evening, May 13, and again established themselves as the team to beat by knocking over the Indians 5 to 2. Nelson struck out 9 and gave up only 2 hits to pick up the win for the Tigers over the Indians' starter Mike Collins.

On Thursday, May 14, the Dodgers came back to put the National League into a 4-way tie by defeating the Giants 6 to 2. David Thomas was the winner for the Dodgers and was aided by some fancy base-running by Len Myles. Steve Purcell was the losing pitcher for the Giants.

The two new teams of the American League had at it on Friday, May 15, as the Athletics came back with 2 runs in the bottom of the 6th inning to beat the Orioles 7 to 6. Downing's 3BH drove in 2 runs to hang the loss on Parsley who was pitching in relief for Edlin. Latronice went all the way to pick up the win for the A's.

On Saturday morning, May 16, the Yankees overwhelmed the Red Sox 22 to 10. Painter and Williams stopped the Red Sox.

In the first game of the National League Saturday afternoon doubleheader the Cards combined great hit pitching by Paul Rago and timely hitting by Bob O'Gorman to defeat the Dodgers 6 to 0. Mike Smith was the losing pitcher, with relief by Bob Sheldon.

Jim Lowell got the Giants back on the win column by setting down the Braves with three hits to post a 2 to 0 win. Roy Mangold's 2 hits and base-running sent the Braves' Rin Stephens down to defeat.

At this time the Albany Little League would like to express its appreciation to Mr. Nelson and his park directors for the fine co-operation given the Little League in getting the season off to a tremendous start.

Albany Hi Choir Of 100 Praised At School Meet

Still glowing with the rating of "Superior" which they won at the California Music Educators Festival at Stanford recently, the Albany High choir has resumed daily rehearsals for the approaching graduation ceremonies.

According to Stephen Lehmer, AHS choir director, this year's choral group is the finest he has ever taken to a music festival. "The judges praised our youngsters for their tonal beauty and blend, clarity of diction, interpretation and professional appearance," Lehmer added.

The choir, composed of 100

C. A. Pinkham Re-elected As Board President

Charles A. Pinkham was elected for the third time to serve as

members from a total four-year school enrollment of approximately 700, is more than twice the size of choirs from comparable schools. Although the Albany singers were classified in the medium school group for competitive purposes, Lehmer said that his group was the third largest in a total of 43 schools competing at the Palo Alto festival.

"The choir has been willing to work exceptionally hard to polish each detail," Lehmer commented, "and I am certain that the community of Albany has every reason to be proud of these boys and girls."

president of the Albany Board of Education following his nomination by board member Dr. Leslie L. Bennett. The vote, taken at the regular monthly meeting held on Tuesday, May 12, was unanimous.

Mrs. Rae Volz was also unanimously re-elected to again serve as vice president of the board following her nomination by board member Max Kelley.

Pinkham was appointed to the board in 1955 to fill the unexpired term of Dr. Phillip F. Meads. He was elected for a 2-year term in the 1956 city-school election, and for a 4-year term in 1958.

The board chairman had previously served on both the Planning and Zoning Commission and

on the Albany School Advisory Committee. He has long been active in dad's club, youth and church work. He resides with his wife, Kathryn, and two sons, Charla and Charles, both active in High School students, on Sonoma Avenue.

Health and Safety Are Reasons

You wouldn't knowingly pollute your drinking water or build in a fire hazard. But a homeowner can easily run these risks when he tries to be his own plumber or electrician.

Of course, there are simple repair jobs that most homeowners can do satisfactorily. But it's very easy to cross the line into areas that can be really dangerous for the amateur. To add to the danger, the layman is often unaware of the hazards involved.

It's easy to make out a case for using every kind of skilled craftsman on home improvement projects. But real safety and health dangers are most often raised in plumbing and electricity. Almost every day newspaper stories demonstrate again how easy it is to mishandle electricity.

Plumbing errors are not usually so dramatic, but can be just as dangerous. At best, plumbing mistakes are highly unpleasant for everyone in the family.

CODES ARE STRICT

There's a dollars-and-cents value to these specialists, too. All plumbing and electrical work must meet national, state and local code requirements. These codes are highly technical, make heavy reading, both in quantity and quality. And boning up on just one is not enough, since they are cross referenced on many major points.

State and municipal codes are of course laws. Breaking any kind of law means trouble, and these are no exceptions. The courts can and do fine violators of building codes, or order expensive rebuilding.

National codes are sponsored by insurance underwriters. No matter how innocently it is done, violation of these regulations can void insurance policies. If a disaster is traceable to a code violation, all the insurance company need pay is money paid in on the policy.

RIGHT — THE FIRST TIME

In addition, practically all codes require certificates of approval by inspectors. So it can be money in the bank to have a professional plumbing or electrical contractor do the job — right — the first time.

Naturally, your local plumber and electrician are the authorities on the right kind of equipment and installation for your home. One of the easiest ways to waste money is to buy un-needed or improper home equipment.

Properly installed, today's plumbing and electrical systems

COMPACT CONVENIENCE: Any space that will take the fixtures and leave room to move around can be turned into that much-appreciated extra bath. A porcelain enameled formed steel bath tub, such as the one above, is lighter than older types and easier to carry and fit into tight spaces.

PLUG IN, SNAP ON THE HOSE, and a portable dishwasher goes to work. It wheels out of the way when not in use and goes with you when you move. It's by G.E., and it's specially priced this month at Lexicon's, 619 San Pablo Ave., Albany.

are amazingly trouble-free. But some servicing is inevitable, sooner or later. Here again, qualified specialists are the efficient, safe and economical choice to do the job.

Extra Bath Ends Morning Traffic Jam

Rub-a-dub-dub, three folks to a tub, suggests the plight of many families today where there aren't enough bathrooms to go around. The traffic jam that is an everyday occurrence in single-bath homes is anything but conducive to happiness in getting dad off to work and the children to school, to say nothing about poor mother.

The solution, of course, is to put in one or more bathrooms to break the bottleneck.

Some day there doubtless will be a bath for every bedroom in the average home. Meantime, addition of a second complete bathroom can do wonders in easing the traffic problem.

ANY SPACE WILL DO

There are all sorts of places to install another bath, when you look around a bit. The end of a long hallway or the partitioned-off corner of a large room are made to order for a second bath, says the Plumbing-Heating-Cooling Information Bureau. In fact, just about any waste space that will accommodate the fixtures, with enough room left over to move around, can be converted into a second bath, the Bureau points out.

Bathtubs of modern formed steel have important advantages in installing a second bath. Porcelain enameled steel tubs are lighter than older types and easier to carry and fit into tight spaces. The lighter weight of steel tubs saves money because often the floor underneath it does not need extra bracing.

FREE ESTIMATES

Plumbing contractors are experts these days in converting waste spaces into bathrooms. They will gladly offer estimates free of charge on the cost of putting in an additional bathroom.

Many plumbing contractors are in a position to assist in financing a bathroom modernization project on easy monthly terms. They also provide a one-stop modernization service, that is, they will assume the responsibility for the service of other craftsmen involved in the carpenter work, the electrical work, and the decorating.

and Alhambra Avenue, Martinez, every Friday from 10 a.m. to 1 p.m.

Robert W. Haynes, Field Representative for the rest of Contra Costa County, Berkeley, and Albany, is available at Room 110, County Administration Building, Pittsburg, each Tuesday from 10 a.m. to 3 p.m. and at the City Hall, 3rd and H Streets, Antioch, every Wednesday from 10 a.m. to 3 p.m. They will be glad to discuss any social security problems, and also take applications from residents of these areas.

Social Security Administration In New Offices

On April 27, 1959 the Social Security District Office for Contra Costa County, Berkeley, and Albany moved across the street from its old location. The new address of the Social Security Office in Berkeley is 1990 Addison Street. The new telephone number is THornwall 1-5121.

District Manager Shea explained that the change was made to larger quarters in order to handle more efficiently the rapidly growing population in Contra Costa County. He pointed out that the greatly increased social security coverage, both in number of persons under social security and types of social security payments, has more than doubled the workload of the local district office since it opened in October, 1954.

Residents of Central and Eastern Contra Costa County will still be able to conduct their social security business at the contact points provided for their convenience. Edward J. Knott, Field Representative for Central Contra Costa County, is available at the Veterans Memorial Building, corner of Colfax and Willow Pass Road, Concord, every Monday from 9 a.m. to noon, and at the Council Chambers, City Hall, corner of Henrietta

EXPERT ENGRAVING — A SPECIALTY

Utilities Offer Lines for Power From Bonneville

Columbia River surplus "dump" power can be delivered to the California market with maximum public benefit and at the earliest time by the use of existing transmission lines and the construction of a 97-mile, 230,000-volt tie-line by two public utility companies, a Senate subcommittee has been informed.

Robert H. Gerdes of San Francisco, executive vice-president of Pacific Gas and Electric Company, told the irrigation and reclamation subcommittee at a Washington, D.C. hearing that the Bonneville Power Administration could increase its revenues by amounts ranging from \$1,750,000 to \$2,500,000 annually by using the facilities of his company and The California Oregon Power Company. The plan also would make available in the Northwest an additional 150,000 kilowatts of capacity from the PG&E system in the event of emergency, he said.

The two utilities already have two connections between their systems, at 125,000 and 66,000 volts, and could build the 230,000-volt tie for about \$4 million, a minimum cost plan.

Gerdes said his estimates were based on studies which showed the plan would become economic with PG&E paying Bonneville's regular rates at the California-Oregon border. PG&E could accommodate the power over its existing lines to load center near the San Francisco Bay area by changing the operations of some of its hydro-electric plants, he explained. The power could be absorbed in the California market by reducing the generation

BIDS FOR FURNISHING GASOLINE TO THE CITY OF ALBANY FOR THE YEAR ENDING JUNE 30, 1960.

The City Council invites and the undersigned will receive, at the City Clerk's office in the City Hall, 1045 Solano Avenue, Albany, California, up to the hour of 8:00 p.m. on Monday, June 8, 1959, sealed bids for furnishing the City with gasoline for the period July 1, 1959 to June 30, 1960.

The City's requirements for gasoline will be approximately Six Thousand (6,000) gallons of regular gasoline and Eighteen Thousand (18,000) gallons of highest premium grade (Ethyl or equivalent) gasoline. Trade names and Octane ratings must be included on all bids.

All prices should include State Tax but exclude Federal Excise Tax. If you will allow quantity prices in spite of limitations in our storage tank capacities, will you so state on your bid.

Said bids will be opened at 8:00 p.m., or as near thereafter as said matter can be heard on said Monday, the 8th day of June, 1959.

The Council reserves the right to reject any portion of any and/or all bids.

IT GULPS TEN MILLION GALLONS OF WATER EACH DAY!

No fooling. This huge refinery, employing 4,000 East Bay people, guzzles 10,000,000 gallons of fresh water every 24 hours. Without it, the plant would shut down tomorrow!

Now, we're not trying to tell you that pure, low-priced water is the only reason so much money-spending, job-making industry locates in Alameda and Contra Costa counties. Of course it isn't. But... you can't run an oil refinery, a food processing plant or a laundry without water. Not even for one day!

That's where your water system comes in. (Of course we mean "East Bay MUD"! It provides industry—and your home, too—with a plentiful supply of pure, filtered mountain water at the lowest rates in the Bay Area. And, thanks to the Water Development Project you approved last June, there'll be plenty of water for years to come.

Micro-Midgets

Only Legal On

Private Property

Micro-midgets, quarter midgets, and other models of the tiny gasoline engine powered cars that have become so popular with the pre-teen age set are legal only when used on private property.

Bradford M. Crittenden, Commissioner of the California Highway Patrol, declared today that illegal use of the tiny vehicles has become widespread and expressed the hope that "parents will fulfill their responsibility and see that their children keep these toys off public streets and highways."

The patrol official pointed out that, under state law, any self-propelled vehicle is a "motor vehicle" and when driven on public roads must be registered and display license plates. Furthermore,

"I must meet all the legal requirements as to lights, brakes, windshield, and other equipment and must be driven only by a licensed operator."
"Our main concern is with the safety of these youngsters," Crittenden emphasized. "Just the thought of what could so easily happen makes me shudder. The law makes the parents liable if they allow an unlicensed vehicle to be operated by an unlicensed driver on a public street or way. Parents violating the law will be cited in order to protect their youngsters from death."

Any Time Is Party Time

Any season is party-giving season. If it's a Stanley party, that is. These parties, popular all over America, bring together the neighborhood women for social talk and to exchange the latest ideas on making housework easier and quicker. The local Stanley dealer is there to demonstrate the newest techniques and provide the latest available products.

The parties are mostly fun, but they're profitable too. The most to profit are the invited guests, who get a few hours out for fun, refreshments and free gifts. They can pick up what they need in new ideas and necessary products and equipment to make their housework easier.

Then there's the hostess. She gets a chance to be the center of attraction, gets all the fun of entertaining without fussing, and receives a valuable hostess gift as well.

Then there's the local Stanley dealer, who can build herself a highly profitable business in her spare time, selling the most reliable variety of household products and good grooming aids.

The parties themselves are popular because they're never cut and dried. Games are played and prizes, furnished by the dealer, are won. Small gifts are given by the dealer to the guests just for coming. Also the dealer gives her guests important household tips. Newcomers meet the oldtimers, and friends and neighbors get together for a welcome social that's good old-fashioned fun.

So, since housework knows no season, it's always party-giving time when it's a Stanley party!

American tradition, and there's not a word against it — in its proper place. There's plenty of room for self-help in home improvement, too. But for a good many jobs, the only smart thing is to whistle for the first team — the professional building contractor.

He's the man who carries the ball from homeowner's pipe-dream to smooth-running performance. And he handles a lot of important details like permits and building code compliance on the way. Most important of all, however, his experience and knowledge can prevent costly mistakes.

It's his job to know local regulations, material availability and labor. Keeping one trade waiting while another finishes up can be costly; delays because materials haven't arrived can be just as expensive. When a contractor is handling the job, such extra costs come out of his pocket,

so he takes good care they don't happen.

SAFETY AND HEALTH

Many home improvement projects involve serious problems of safety and health. There are very few laymen, no matter how expert, who really have the knowledge to deal with these problems. The protection a skilled contractor automatically builds into his jobs just can't be measured in terms of dollars and cents.

Every community has regulations covering the various phases of construction. Failure to comply with local ordinances can mean trouble, even costly fines. And, many a well-intentioned amateur has unwittingly voided his valuable insurance coverage by violating the pertinent codes. Turning the job over to a contractor bypasses these pitfalls, since he guarantees that all work will pass the most rigid inspection.

The old joke about the man who painted himself into a corner is still a cartoonist's staple, but it's nothing to the troubles tyro home improvers really get into.

The complexity of modern life doesn't stop at the front door mat; the knowledge needed to select and install the right materials and equipment from the myriads available is, quite literally, a life study. And acquiring this knowledge is how the contractor spends a good part of his days — and nights too.

SMOOTH-WORKING TEAM

Finding the variety of specialists needed on a home improvement project and then organizing them into a smooth-working team is a full-time job, and one that requires a lot of experience. Here, too, the expert contractor can achieve major savings in time, temper and money.

There's still another advantage to dealing with a contractor, and one of prime importance. Many jobs around the house sound simple enough when they are in the talking stage, but turn out to be well-nigh impossible in the doing phase.

The contractor can spot these domestic quicksands before the ill-fated job is started. And in almost every case he can point out a practical way around the troubles.

Albany Firemen Take Course In Resuscitation

Fire Chief Gerald D. Browne of Albany released the news today that members of the Albany Fire Department are completing a course in resuscitation as given by the State of California Department of Education, Division of Fire Training.

The course is for 15 hours and is being instructed by Cedric Rowntree of the State Office on fire training.

The course is designed for fire department rescue squads with special emphasis on resuscitation work. This particular phase of fire department duties is becoming more important every year as more and more citizens realize that such a service is available to them through the fire department.

"It is most important that a complete and thorough understanding of resuscitation work be had by these crews in order to carry out efficient and successful operation of their duties," Chief Browne said, "therefore a constant educational program is given every member of the Albany Fire department in order that all men may qualify in this type of work."

CELEBRATES 50 YEARS IN AUTO RACING

Since 1909, Firestone tires have set the performance records that made racing history. Constant research and exhaustive testing on the race track have developed the only tires made that are safety-proved on the speedway for your protection on the highway.

MAY TIRE

CELEBRATION

Refreshing Summer Drink...

LOTS OF ENERGY TOO!

COOL FRESH MILK

There's nothing so refreshing as delicious ice-cold milk. Gives you extra energy for summer, too.

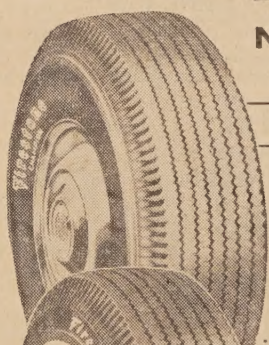

So when the temperature mounts and your thirst rises... have a glass of cold milk and you'll get a lift that really beats the heat. Fresh, wholesome milk costs so little... at your store or at your door.
